

puriFlash® ClearConnect™ Premium columns

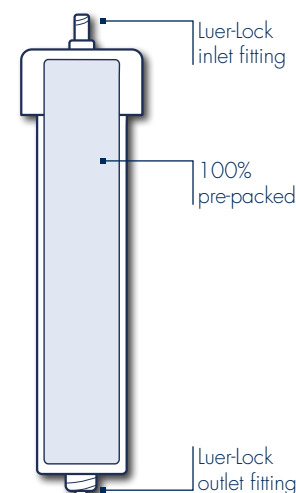

Performance - Reliability - Convenience

The new puriFlash® ClearConnect™ premium columns feature our world-class packing process paired with Luer Lock technology to optimize reliable connections, fast adaptability, and maximum performance.

puriFlash® ClearConnect™ Premium columns Features

- **2 luer-lock fittings for secure connection**
- **High-purity virgin silica** 50µm irregular and 50µm to 15µm spherical
- **100 % compatible** with all Flash instruments
- **From 4 g to 80 g**, stable up to 15 bar
